

FACT SHEET: The Telstra T-Touch Tab™

The Telstra T-Touch Tab™ combines some of a smartphone's best features – like text messaging, voice calls, access to thousands of apps and the 3G mobile internet connectivity – with a large 7-inch touch screen that's built for video and mobile web browsing.

Weighing 500 grams, the T-Touch is lighter than a laptop and fits easily in a small bag.

Because it's powered by the popular Android™ 2.1 operating system, T-Touch Tab™ owners can browse, buy and download thousands of Android™ apps, games and more from the Android Market™.

With a pull-out stand and high-quality screen, the T-Touch Tab™ makes for a great mobile media device too. Customers can playback HD video, stream Mobile FOXTEL from Telstra, or watch YouTube™ on the go.

In short, the Telstra T-Touch Tab™ has all of the features people need to get entertained, informed and connected on the go. For instance, with the Telstra T-Touch Tab™:

- Students can access Facebook®, Twitter and email while at uni without the need for a laptop.
- Weekend adventurers can look up a camping site on Whereis® Navigator and receive turn-by-turn directions to their destination.
- Parents can keep their kids entertained on car trips by playing their favourite movies or streaming 33 channels via Mobile FOXTEL from Telstra.
- A young professional can stay organised by accessing and updating their Google Calendar and Gmail from their homescreen.
- Teens can text their mates and stay within their budget thanks to the Telstra Pre-Paid Data+ Cap offer, or, access Telstra's Tribe® service which offers free Facebook®, Twitter™ and MySpace access from within Australia from a single mobile app each time a customer recharges \$20 in a month.
- Book lovers can download the Amazon Kindle app and take their favourite novels everywhere they go.

Specifications
